How can words take back my mind  
I've heard it all, now stand aside  
Pegged down you will find  
Emotional homicide  
You break the walls down to the past  
I can't even look into that face  
Hate filled anger, and all pain  
Now did you see what you did to me  
How can I turn back what has been  
Finding reason is not clear  
What is in me that you fear  
I cannot bear this weight  
My compassion now turned to rage  
See my fear fade away  
I have changed yet you remain the same  
Just true words have taken not enough  
Of my battered soul  
What you could not give  
Bowed down with this lifeless world  
What I could not give  
Bowed down with this life I gave  
I veil a lie.  
You veil a lie  
Pray for the weeks that have been  
The moment is now dead  
Don't push your lies through me  
Kill all joy in life  
Joy in life  
Joy in life  
Joy in lies  
Lies bleeding into lies  
Peeling back the layers of disguise  
You can not obscure me  
I have changed you remain the same  
Just true words have taken not enough  
Of my battered soul  
What you could not give  
Bowed down with this lifeless world  
What I could not give  
Bowed down with this life I gave  
I veil a lie  
You veil a lie

How can words take back my mind  
I've heard it all, now stand aside  
Pegged down you will find  
Emotional homicide
