"Black Widow"

Give me your poison
Give me your power to kill
I am the shadow
I will surrender my will

I kept the sorrow
I kept the pain
I'll feast upon your venom
You are the Black Widow

Black Widow
I'm your shadow
Black Widow
I'm your slave

I drank your poison
I took your power to kill
I drank your venom
Now I possess your will
Black Widow
I'm your shadow
Black Widow
I'm your slave

I've fulfilled my destiny
Your venom flows throughout my destiny
I'll soon begin my quest for tyranny
I have become you
This evil life insane

Black Widow
I'm your shadow
Black Widow
I'm your slave
