Take my life, cuz it's already over
When you're closer to the end of it all
When you're closer to the end of it all

Every day I'm growing?
Wrapped up in the heart of fear
All this pain taking it's toll
Gravity can't keep me here

Take my life, cuz it's already over (Just bury me, just
bury me)
Take my life, cuz it's already over (Just bury me, just
bury me from the six feet under?)

When you're closer to the end of it all
When you're closer to the end of it all
(Solo)

Every second feels longer
Every minute kills me more
Every hour screams death
Every day I die slowly

Take my life, cuz it's already over (In my mind in my
mind)
Take my life, cuz it's already over
Take my life, cuz it's already over (Just bury me, just
bury me)
Take my life, cuz it's already over (Just bury me from
the six feet under?)
(Solo)

*when you're closer to the... * (x2)
when you're closer to the end
the end of it all

One foot in the grave
To me this way
There is no escape
When you're closer, when you're closer

Take my life, cuz it's already over (In my mind in my

mind)

Take my life, cuz it's already over

Take my life, cuz it's already over (Just bury me, just
bury me)

Take my life, cuz it's already over (Just bury me from
the six feet under?)

When you're closer to the end of it all

When you're closer to the end of it all
