Hate!  
I'm filled with hate,  
And you will regret  
How did I get so lost?

Fight!  
I'll end this fight,  
Pull Myself out  
Save myself at all cost!

Give me my,  
My life back  
I will take what's gone

How?  
How'd we come this far?  
And why did we survive?  
I'd rather live my life through Honest Eyes  
Where did we go wrong?  
And what did we not see?  
I'd rather live my life through Honest Eyes

Scorn!  
The Things I've done,  
Have left me scarred!  
I broke down every wall!

Disgrace!  
A victim of  
My own disgrace!  
I'll Rise Above it all!

Give what's rightfully mine!  
It was marks to yours

How?  
How'd we come this far?  
And why did we survive?  
I'd rather live my life through Honest Eyes  
Where did we go wrong?  
And what did we not see?  
I'd rather live my life through Honest Eyes

My path is clearer through honest eyes  
My will is stronger through honest eyes  
My path is clearer through honest eyes  
My will is stronger through honest eyes

I'm taking my,  
My life back!  
This I say each day!

How?  
How'd we come this far?  
And why did we survive?  
I'd rather live my life through Honest Eyes  
Where did we go wrong?  
And what did we not see?  
I'd rather live my life through Honest Eyes

I'd rather live my life through Honest Eyes  
I'd rather live my life through Honest Eyes  
I'd rather live my life through Honest  
Life through Honest Eyes

I'm taking my, my life back  
I'm taking my, my life back
