"That Reminds Me"

Visit "[That Reminds Me](#)" on MotoLyrics.com

I want it all I need to see
My own eventuality
I heard the call I need to be
All that's expected out of me
That reminds me
I can't stay
I take the fall I start to bleed
I learn to recognize me greed
I need to see my stark reality
My always present entity
That reminds me
I can't stay
Because I'm home
