At the age of 13 I signed my first deal, little did I  
know what that meant  
My father told me to never let any of this get to my  
head  
At the age of 16 I was higher than the stars, I thought  
I was living the life  
Caught up in the mess I almost forgot the most  
important thing

My family, the heartening  
All I can say is I'm sorry

My mother said chase your dreams  
My father taught me to believe, in love through thick  
and thin  
My brothers took my attitude  
I'll be there with gratitude (gratitude)  
And love through thick and thin

Now at the age of 19 I take a look back and see all my  
mistakes  
And the biggest one of all is not being there when you  
needed me  
All I can do now is set these [?] I fought for you  
every day  
I'll make up for every single thing I'll be here for  
you until the end

My family, the heartening  
I'll promise I will be here

My mother said chase your dreams  
My father taught me to believe, in love through thick  
and thin  
My brothers took my attitude  
I'll be there with gratitude (gratitude)  
And love through thick and thin

Father, I'll always remember the world with you by my  
side  
And father, your always be my hero, oh oh

And mother, when I think about the [?] oh oh, oh oh, oh  
oh  
And brothers the two of you are my

My family, the heartening  
I'll promise I will be here

My mother said chase your dream  
My father taught me to believe in love through the  
thick and thin  
My Brothers took my attitude  
I'll be there with gratitude (gratitude)  
And love through thick and thin  
And love through thick and thin  
Love through thick and thin
