leaders of the land playing god  
control our senses pavlous dogs  
kept sedated brainwashed to submit  
a life of torturous hell is what our leaders give  
(see you dont know this but...)  
theres many things that we do wrong  
were worthless unemployed  
and theyd rather have us gone  
were fucking up the city  
and were taking up their space  
so theyre importing dopefor us  
with hopes well someday die  
our lives are being sucked dry  
just to be sacrificed  
for a fascist, sexist, lie  
they keep it all illegal  
so they can always lock us up  
but they still want us to dope  
so were to dumb to rise above  
and if that doesnt do it  
and were still in th way  
theyve created a disease for us  
with no cure (or so they say)  
work away a lifetime  
just to end up dead  
conveniently provided  
with the drugs to fill your head  
educations limited  
by governments control  
they only teach you what they think  
you really ought to know  
televisions just a reinforcer of control  
readjusting thoughts  
robs you of your soul  
desensitize the public  
to violence, sex, and greed  
watch us kill eachother  
for our wants and needs  
all the sins are here for us  
indulge and have some fun  
they tell us not to murder  
but theyll just sell us the guns

dont count on the system  
to be easy on you  
cause the rich can buy their freedom  
and the poor will be their tools  
in you follow instruction  
and do as your told  
life will be much easier  
theyll fit you in the mold  
theyre working for a better world  
harmonious, and new  
peace, love, and unity  
except for you and you and you....
