[Lil' Rob]

They wanna manipulate your mind, but don't try it  
Even if I was the devil and wanted your soul, I wouldn't  
but it

I choose to stay quiet, they claiming the bigger  
demeanor

I wanna be like David and Goliath, shut their mouth,  
finally silence

I hold the Corona, I live in la colona

Ain't got No One To Depend On, no tengo nade like I  
told ya

They follow like a soldier, I'd rather be my own general  
What goes up must come down, what goes around  
comes around like teatherball

I shine like Armor All, watch the Wildsdale partners fall  
Watch out for the handshake, fall down flat on the  
ground

All down like a big flat pancake

Baby let me be the guy for the time of your life

And baby let me be the lowride for the part of your life

Let me be that part of your life, many guy have come to  
you

With a line that wasn't true (wasn't true), and you,  
passed them by

Now your in the center ring and their lies don't mean a  
thing (mean a thing)

Why don't you, let me try

[Chorus: Bizz]

Many guys have come to you

With a line that wasn't true

And you passed them by

Now your in the center ring

And their lies don't mean a thing

Why don't you let me try

[Lil' Rob]

You come to my town like once every week

And I can't sleep, cuz anticipation got me up like I was  
tweeking

Everytime you look at me it's seems like you got control

of my breathing  
Could it be that you want me, or could it be you're just  
teasing  
Or could it be that I'm just dreaming, just my  
imagination running away with me  
Would it be too much to ask if you could stay with me  
Lay with me, play with me, and maybe, to spend the  
day with me  
Cuz baby, you got this little boy acting crazily  
Now I don't wear a diamond ring, I don't even know  
what song to sing  
But I do know one thing, all the happiness I can bring  
I'm your puppet, but please don't take advantage of the  
string  
Cuz I could lose you once, feel the tangle, and I'll have  
to find myself a brand new thing  
So tell me what you think, between love and hate  
there's a line that's thin  
So don't leave me in the dark, don't leave me on the  
outside looking in  
Many guys have come to you with a line that wasn't true  
But baby I'm for real, so tell me how you feel

[Chorus]

[Lil' Rob]

I take it you've been hurt before, but I was just thinking  
Is it possible in this evil world to find a little faithfulness  
in just one girl  
It's like finding a needle in a haystack  
See I understand that people make mistakes  
But everyone's always out for the payback, they wanna  
play take-back  
I know where you're coming from, you're just looking  
out for number one  
I can understand if you didn't want me, but then again  
you already got me  
Caught up under your spell, and love I already fell  
I wanna take you home black magic woman, I can't  
leave you alone  
I'll never hear the bells, if you leave me  
And I don't know what I'd do, if you deceive me  
Probably break down in a lonely stage, and go through  
a lonely rage  
How come nobody told me this about the loneliest  
loneliness  
Every smiling face ain't a happy one  
And without you girl a happy man, I just can't be one  
Many guys have come to you with a line that wasn't true  
And you passed them by, now let me try

[Chorus 2x]
