Can you hear them? They talk about us
Telling lies, well, that's no surprise!
Can you see them? See right through them?
They have no shield, nothing must be revealed!

It doesn't matter what they say
In the jealous games people play
Our Lips Are Sealed

There's a weapon that we must use
In our defense: silence.
When you look at them, look right through them
That's when they disappear, that's when we lose the fear

It doesn't matter what they say, in the jealous games
people play
Our lips are sealed
Oh, pay no mind to what they say, 'cause it doesn't
matter anyway
Our lips are sealed

Hush my darlin', don't you cry
Darling, ain't you talking lies

Can you hear them? (Can you hear them)
Oh, they talk about us
Telling lies, well, that's no surprise!
Can you see them? (See right through them)
See right through them?
They have no shield, nothing must be revealed!

Oh, it doesn't matter what they say
In the jealous games people play
Oh, our Lips Are Sealed

Pay no mind to what they say
'Cause it doesn't matter anyway
Oh, our lips are sealed (Anyway)
Our lips are sealed (Anyway)
Oh our lips are sealed!
