am i alright

i'm alright

i was ripped from it

chewed up and then spat out

like a cherry pit

and if i seem a little hard

it's just that i've been kicked around

i don't know how i got this far

the way that i've been kicked around

_chorus

i once had a soul

it was torn from me

i won't cry a tear

i will carry me

_chorus2

don't worry

i'm all right

_chorus2

the way that i've been kicked around

the way that i've been kicked around

the way that i've been kicked around

the way that i've been kicked around

the way that i've been kicked around

the way that i've been kicked around
