It's really more than I can say

Lookin' at this tower

Angels are off duty and asleep

In these wee hours

And there's no place I can go

And this noise inside my head

It comes and goes

There's really nothing you can stop

So I guess I'm gonna try

Climbing up this tower

Walking up the stones

Stocking feet

To the clock

This is one place that I know

And the face in front of me

It comes and goes

It comes and it goes

Not some lucky charm

But something to hold on to

That could hold on to me

And there's no place I can go

And this noise inside my head

It comes and goes

It comes and it goes
