(E)

So what ya gonna do about me?
I been hangin' 'round a while
Trading books and knowing glances
I thought I'd stick around
But this really ain't my style

CHORUS

So this ain't heaven on earth
Looks like we'll have to wait
But we are standing at the gate
I took a look inside your attic
And secret shelves and hidden rooms

It didn't scare me when I saw it
Your hidden attic is no temple of doom
CHORUS

So what ya gonna do about me?
Put me on a secret shelf?
I wanna change myself around
You know I'd do it
If I thought that it would help

CHORUS
