Ain't no stoppin', we're gonna keep on rockin'  
There's no stoppin' us

Used to be so blind but now I see  
What you were doin', doin' to me?  
Tryin' to take my money, tryin' to take my soul  
Tryin' to take my future, tryin' to take control

You did us wrong but we stayed strong  
We're gonna do it all over again, it's a fact we are back

Now we've just begun doin' our own thing  
We're here to tell you that there ain't no stoppin'  
E-1-7 is about to be droppin'  
It's on and on 'cause I've got my future  
And now I'm in control
