yo dre man I take this bitch out to the movies

you know man this bitch
rubbin all over my dick and frontin
like she's gonna give me the pussy
man and the bitch said 3 words man
stop no and don't

I said BITCHH

you don't have to front on me bitch
So why don't you just give that pussy here
If you be good to me
ohh I'll be good to you
and we'll both ride home in my automobile

All that I want is a little puss
All that I want is just a little head
If you'd be good to me
ohh I'll be good to you
and we'll both ride home in my automobile

You don't have to front on me bitch
Don't be afraid its only a dick
Give up the pussy soon
All I want is a little woun
or get your groopie ass outta my hotel room
or get your groopie ass outta my hotel room

All I want is the pussy
All I want is the pussy
All I want is the pussy
All I want is the pussy
If you be good to me
oh I'll be good to you
and we'll both ride home in my automobile
and we'll both ride home in my automobile
