Cruisin' down the street in my six-four  
It's like that and it's like this  
I took her to the pad and we started to kiss  
Now my dicks all hard  
And you know what I'm thinkin'  
Took the panites off and the pussy was stankin'  
Pulled off the drawers and I started to begin  
Now the pussy's wet so my dick slides in  
(moan)  
Ooh heidi. heidi, heidi, you ho  
Ridin' on the spot and pushin' kinda slow  
So fe fi fo fuck fum  
She's scratching on my back  
Oh here she cums  
Well i gotta get a nut gotta gotta get a nut gotta get it  
quick you know  
Because I love this shit so

Gimme that that that nut  
Gimme that that that nut  
Gimme that that that nut  
Gimme that gimme that gimme that nut

Okay back back to the fucking basics  
You got yours and mine  
I want you to taste it  
Open wide now don't you waste it  
Ahh shit all over your face kid  
You know you know one thang  
You know me I like to slang  
That dick you know what  
So roll over girl wile I stick it in ya  
But I'll turn ya on  
Wile I'm ridin' that ass scream and shout  
My name is the same  
Just another pussy that I had to tame so...  
(Ooooh.. get it on baby  
Ooooh.. get it on baby  
Ooooh.. get it on baby)  
Gimme that nut

Gimme that that that nut

Gimme that that that nut  
Gimme that that that nut  
Gimme that gimme that gimme that nut

Gimme that that that nut  
Gimme that that that nut  
Gimme that that that nut  
Gimme that gimme that gimme that nut

Now I love pussy and pussy loves me  
Like a lemon to the lime  
And the bumble to the bee  
You know it's real good  
And nothing can resist it  
Couldn't be a fruit loop  
So don't get me twisted  
Cause in some pussy is the place to be  
Always fuckin is the life for me  
Spread them legs open far and wide  
Fuck this shit just let me put my dick inside  
Sooo...

Gimme that that that nut  
Gimme that that that nut  
Gimme that that that nut  
Gimme that gimme that gimme that nut

Gimme that that that nut  
Gimme that that that nut  
Gimme that that that nut  
Gimme that gimme that gimme that nut

(Ooooh.. get it on baby  
Ooooh.. get it on baby  
Ooh.. get it on baby  
Gently put the \*laughing\*)

Gimme that that that nut  
Gimme that that that nut  
Gimme that that that nut  
Gimme that gimme that gimme that nut

Gimme that that that nut  
Gimme that that that nut  
Gimme that that that nut  
Gimme that gimme that gimme that nut
