In the perfect world your eyes capture mine and we
meet
In the perfect world your heart embraces mine so
tenderly
Oh I wish that we could turn back
And I wish that we could make it last, but
Our moment is gone
So why sing along
To this melody
In the perfect place you are my everything, a world to
me
In the perfect time your soul excepts mine loving me
Oh I wish that we could turn back
And I wish we that we could make it last, but
Our moment is gone
So why sing along
To this melody
Oh I wish that we could turn back, and
I wish that we couldÃ¢â€™ ve had a chance, well
Our moment is gone
So why sing along
To this melody
