A slave to the hood without no money in my pants
Rollin' with some heat to make a mothafucka dance
Had a chance to bail, had my hustle, but I blew that
I walked up in the gun store and ran out with a new gat
A double 4, out on my million dollar mission
To eleven fishin', kissin' on my chrome, with scrilla in
my vision
Can't move without the metal wanna hustle
So I figure I go out there when they posted up and bust
a nigga

But I'll go another way, hopefully payday
But if I slip, dislocated my hip
And say what I gotta say boy that's my new get-back
All kinds of things of that flava, the racketeering
counterfeiter, nigga
Or half of whatever, long as the weather's clever
My fella might become a snitch for the vice
Ain't no killing, that's what hell told me
10 mil-a, then nigga break for the scrilla

Drunk niggas with the gauges loaded
55 kicks in them ages ho
But I don't want to beef 'cuz the game be fucked
Strip a mothafucka for his cars and money
Tag up a 600 SEL
A three-way split, me, 40 and Cel
About my mail, I was bound to have it
See you fuckin' with a mothafuckin' savage

50 ways to get my scratch on fool
I'm a killa for the scrilla and that's what we do
It's uh, for the scrilla, I did it for the scrilla
See I'm nothin' but a killa doin' dirt for the scrilla

50 ways to get my scratch on fool
I'm a killa for the scrilla and that's what we do
It's uh, for the scrilla, I did it for the scrilla
See I'm nothin' but a killa doin' dirt for the scrilla

Landlord, landlord, where you at?

I'm hiding in the bushes with a baseball bat
I need that sack that you made today
Or watch me turn into Willie Maze
On a mission for meal, and you know for sure, we gon'
get it
It's the first bitch, give me your check so I can flip it
And when I do, she ain't gon' see a penny of the shit
Crime has a risk, but I'm in it for the scrilla

Gotta finalize your cash and make it greener
Electronic scale, triple beamer
Just as snaky as I wanna be, triflin' dude
Fuck goin' by the book and stickin' to them rules
Ten is the limit on the card I'm holdin'
Shitty bank Visa, but the card is stolen
Retail price just paid me half
But you gotta come right with the cash

50 ways to get my scratch on fool
I'm a killa for the scrilla and that's what we do
It's uh, for the scrilla, I did it for the scrilla
See I'm nothin' but a killa doin' dirt for the scrilla

50 ways to get my scratch on fool
I'm a killa for the scrilla and that's what we do
It's uh, for the scrilla, I did it for the scrilla
See I'm nothin' but a killa doin' dirt for the scrilla

I done took a few heads for the scrilla B
I hope it don't come back and haunt me
Got funky with like 7 different crews
'Cuz I done jacked, kidnapped, and did dirt to them
fools
Watchin' my back, lookin' over my shoulder blades
Hella sick 'cuz I heard them niggas got granades
I'm from the base, so regardless of what I'm caught up
in the tangle
Can't get up outta Dodge with this federal beeper on
my ankle

Mothafuckas don't ride there no more
Get snatched up in 9-6, 5 point 0
Took to the hills, and get stable man
While a nigga ridin' off in a 'Stang
Man, I need some ends but to get the ends, I gotta sin
[Incomprehensible]let me page a nigga, lie about what
others spend
Bring me a pound, I got it sold on this side of town
You got that any way I pay, fool, that's how it's goin'
down

Bring in his zippers and I'mma bring the body ripper
The big dipper with a extra 30 round clipper
He brought it back, weighed out to the fullest
Little did he know, I had his name engraved on my
bullet
Dumpin' like a full-serve nigga pumpin' gas
Had that heat for his ass, took his Yak and all his cash
I made a thriller, money hungry blood spiller
Straight killa, I did it for the scrilla

50 ways to get my scratch on fool
I'm a killa for the scrilla and that's what we do
It's uh, for the scrilla, I did it for the scrilla
See I'm nothin' but a killa doin' dirt for the scrilla

50 ways to get my scratch on fool
I'm a killa for the scrilla and that's what we do
It's uh, for the scrilla, I did it for the scrilla
See I'm nothin' but a killa doin' dirt for the scrilla
