See me, I get everything I wanna get  
I have some fun with it, and make her momma trip  
Cause if I'm in her life, it's a problem  
A real player's at your girl, you better stop him  
Turn your back on the bitch she ain't actin right  
He hit it way before you now he's back in her life  
What'chu gon' do when you lose her?  
She got a nigga on the side just to use her  
If it's me, I'm parkin at the front do'  
And you be knockin on her bedroom window  
You see the shadows, you hear the sounds  
But you don't do nothin you just turn back around  
like a (BITCH!) Feelings hurt, ready to cry  
You can't believe, everything she said was a lie  
She got a lot of bitch in her but not more than you  
I never underestimate what these whores'll do
