[Verse 1]:

Uhh

Livin' the life in the quick lane

Only the strong can survive

These streets'll swallow you up man

and eat you alive

Cain't be no poodle

Run tuck yo tail and hide

They'll spaghetti yo noodle man

Element of Surprise

It's goin' around man!

Death in the air

Better not be scared

Cause ay-henas can smell fear

It's not a lot of love but it's a whole lot of hate

Beware of your surroundings

They starving, they ain't

The lake of fire awaits for those with no souls

Hot like a stove

Hotter than hot coals

That's the thought processer of soil soldier

6's on the note and postholer, spinach and yola

I'm talking realer dope money this hustla making

(E-40)

[Hook]:

I'm deep off in this game

Wherever money and I get to it (whatchu living?)

In the fast lane [x8]

[Verse 2]:

Looking up with greenbacks on your mind is a good  
sign

My name ringing like a high school bell, like a church  
chime

This ain't chameleon, but go get a glass of wine

Listen to me preach my rhyme, sit back and recline

I'm too real to be unreal to truthful to be fake

Daddy and mommy when they separate ways when I  
was eight

But it made me great, more stronger and God willing

A few years later, I'm worth a few million

Top billion, killin em with my independent grip

Got rid of my digital scale and started making hits  
Flipping all kind of whips visits cutlass and Lexus's  
Me and the Clickers St. Charles, God was blessing us  
Successfulness, all praises due to Allah  
Jesus Jehovah the most highest almighty God  
Reverend Therman them other Therman I miss you  
much  
I know you up in heaven watching over us  
Get back and help people that's what they taught me to  
do  
Can't save the world but I can help save a few  
People talk behind my back laugh and smiled all in my  
face  
Saying my voice was too squeaky and my style was a  
disgrace  
[Hook]
