[E-40]

Ugh, ugh

We flow for about five years ago

When we lost a down

But I had fifth of the game

But I knew that one day

That sooner or later it got to come back around

E-40 Water held his ground

Kept my foot in the fast lane

Flew uppidy on mesmerized

Cuz I snuck up in up out the game

You makin' a 40 Water cd

And get you penalized [penalized]

I promise you that you get your face kicked man [face
kicked man]

Astonishing, you never know who know who beat you
black and blue

Demolish you

Have you lookin' just like the bottom of my shoe

The game, the game feeds off us [feeds off us]

The industry and all the slangin' speeches' [speeches']

So we had to do what we like [do what we like]
