She hit me on my locker, I was off that tropicana  
Orange juice and absolut vodka  
(To da beat)  
Smokin' on a beadie, chasin' it with a fat strike in my  
Fresh off the showroom flexing 32 valve North star  
Caddy  
(To da beat)

Gettin' it cricket, slangin' 'em sideways, walkin' up the  
streets  
Residuals, re-enactments, constantly repeatedly  
burnin' vogues  
(To da beat)  
Flamboastin', high sidin', turnin' heads, rewindin'  
Ain't had the car but two weeks and already need a  
wheel alignment  
(To da beat)

See us bay Negroes is nigger ain't give a fuck  
Flip a spankin' new vehicle, tear it up  
(To da beat)  
We play mind games with tizzy airhead ass hoes, make  
'em  
Buy us things like diamond ear-rhings and clothes, a,  
uhh  
(To da beat)

P I M P, come V I inch up bitch and pay me  
Hoe, ahh pay me uh no attention  
(To da beat)  
These are the things that you need to know  
But just remember Charlie Hustle always told you so  
(To da beat)

It's to da beat y'all, and it don't stop  
A to da beat y'all, and it won't quit  
A to da beat y'all, and it don't stop  
A to da beat y'all, and it won't quit  
Cranks out da beat y'all, voice boisterous, make the

(To da beat)

Ah-cho-ah-chokin' on some burner, in my little deuce,  
white interior  
Smoke gray exterior, convertible rag top hummer  
(To da beat)  
Little homey ain't but sixteen years and a millionaire  
Sittin' on somethin' clever talkin' about, 40 water can  
you help me out?  
Can you give me some kind of advice  
'Cause I ain't tryin' to be up in this bitch forever?  
(To da beat)

Told all my motherfuckers to try to wash they monies  
And make some kind of good out of bad, buy you a  
couple offixer uppers  
Shit it ain't gotta be no brand new Caddy  
(To da beat)  
Use da dope game as a stepping stone, let your little  
sister run it  
Turn one of the fixer-uppers into a care home, I'da  
done it  
(To da beat)

Where I'm from, Vallejo California born and raised in  
crew  
We got the highest paid police force, look what they do  
(To da beat)  
Too busy tryin' to scrutinize and slander me  
As much as I done did for the community  
(To da beat)

Do me a favor why don't you go out of state and go  
visit  
Some of your family members down South and  
mention Vallejo  
And I bet the first thing that come up out their mouth  
Is Earl Stevens and Danell, bump this shit 'til your tape  
break

And you're a bitch if you didn't buy my last tape,  
Beotch

It's to da beat y'all, and it don't stop  
A to da beat y'all, and it won't quit

Listen up, we's 'bout to get on turbans, boom boom  
(To da beat)

(To da beat)  
You can pat that nigga down with a metal detector  
And still not have a clue  
Fools be slidin' up in parties on crutches  
Limpin', with a derringer in his shoe  
(To da beat)

Fuck a Cuban cigar, give me a black and mild  
Then watch me tear up a brand new hundred dollar bill  
And throw it in the crowd  
(To da beat)  
I don't need no iron, I'm already crisp  
(Whatchu got, whatchu got, whatchu got)  
I don't need no money, I got mouthpiece  
(To da beat)

Closed mouth tank get fed, dude what you talkin' here,

All of a sudden you got amnesia nigga  
I know you didn't forget who buttered your bread  
(To da beat)
