[Chorus]

add a lil bakin soda make it foam like after shave
i like to serve my dope wet cuz it weigh a hella lot more
u can smell the residue n the fumes from next do'
turf superstar, microwaves n pickle jars
potrtable digital scales, custom painted muscle cars
pimpin where the razor blade? use a saftey pin
what they goin fo'? nigga wutchu tryinna spend?
when its a drought, i jus sit on my dope n wait
for the prices to sky rocket and rise like real estate
i got dat icecream, that candy, that girl, that white
white white
my christler charger 2006 hemi tight tight tight
im a d-boi (booch) i thought u knew
jus like every other mother fucker in my crew
bundle in the bushes, chop her up in the tree
Ak will light up ur chest like ET

[Chorus]

[Juelz Santana]

now let me introduce the world to my girl
she white, she bright, she shines like a pearl
and i aint talkin bout Lindsay Lohan
im talkin bout that sniff, that blow man
that 1 hit that will get u open
might make ur nose bleed if it's potaint
so if ur not ready, homie dont tamper with it
she da chick who had Tony Montana slippin
she so bad, she make u mad
but soon as u get that, she make u cash (that white girl)
but she aint always that light, she aint always that
bright, she aint always that white
gimme 1 girl, i mean 1 gram
I'll teach u how to give a white girl a sun tan
put it in that pot, till it get dat hot, then start tha Sir-Mix-

Alot (ight)

[Chorus]

well down in the dirty.....south to be exact
gettin money with white girls is a well known fact
i like 'em black, brown, puerto rican or asian
but nothin bring the bread back like a caucasian
weather winter fall summer or spring
the white gurls always down for doin the damn thing
put her on the highway, she aint no punk
gotta white girl drivin with white gurls in the trunk
i aint lyin its the best thing goin
when my white gurls around its always snowin
mama cant stand her tellin me to switch
sayin imma go to jail fuckin with that white bitch
always around to keep me paid
with some white girls on my team i got it made
so if ur down on ur luck n got no money
then do what i do go get u a snow bunny

[Chorus]

i got the pirex workin with the white girl in it
its the dope super bowl n nigga im bout to win it
no question marks or commas, nigga we got the
drama
when we through with this badge we goin out to the
bahamas
i keep a silk braud wen im fuckin wit the hard
cuz the never get stopped my the motha fuckin cops
fools look hard but the bitches is fraud
dont like to see me ball, want me to go rock from rock
move around bitch u need to get out the way
i keep a young suzi when its time to move yay
u need to learn the game before u try to play
like cab gone those laws will take u away
so i keep me a snow bunny ridin in the front
with a triple zillion head in a platnum cup
u already know they eat nuts like a squrril
lemme hit u in ur head n bust nuts in ur curl white girl
