You fuck around and get around from the pound  
When I'm busting  
Niggers talk crazy till they feel the repercussions  
The .... catch you in your street clothes  
Niggers act streets but turn sheep when that heat rose  
I keep the heat close, leave them underneath flow  
Go ahead, gamble with your life nigger, heat rows  
For pete sake, can you haters relay  
Are you blinded by your envy that you couldn't see  
straight nigger  
Do you need some ... are you desperate for a track,  
are you willing to buy a ...  
Or they willing to buy locally?  
Is your music nationwide that you spit it ...  
You should ask yourself, most ... get a chance, you  
should blast yourself  
If I wanted your opinion I would ask your help  
That's why every single night I gotta ask myself

Lord please, don't let me act a fool  
Please, don't let me use the tool  
Please, don't let me get distracted  
Please, don't let me make it happen  
Please, oh god, keep my integrity  
Please, don't let me commit a felony  
Please, forgive thy enemy  
Please, forgive me cause you know I need therapy

Please, don't fuck with me,  
Every burst in the day Adam fucked with Eve  
I mean worst than the day that they found them trees  
With apples all on it, you niggers don't own it  
Fuck my opponent, it's no competition  
You're fat off desert, I'm still in the kitchen  
Suckers get murked with all that ambition  
You small potatoes, nigger I'm the greatest  
Genghis Khan with chuck Taylor's ...  
...bitch I'm James Bond  
Jump off the plane, no parachute on,  
Land on my feet, nigger trick or treat  
Smell my cologne, shot to the dome

If I act like this you would tell me I'm wrong  
Should I crack you like crack or just sing this song  
Lord help these niggers understand I'm grown

Lord please, don't let me act a fool  
Please, don't let me use the tool  
Please, don't let me get distracted  
Please, don't let me make it happen  
Please, oh god, keep my integrity  
Please, don't let me commit a felony  
Please, forgive thy enemy  
Please, forgive me cause you know I need therapy

And you know I need counseling  
So many haters now I stopped counting  
I stopped checking the youtubes and comments  
The bitch niggers making remarks to start conflicts  
Conflicted in their life, cause they want a piece of  
scheme  
And they wanna step in my light  
If they try to make a move then they know the weapon  
is right  
By my side when I ride I'm taking your breath of life  
Huh, your spirit is now a kite  
Every lyric is the wind no bringing you back to life  
I could kill you with a pen the music is like a strike  
Or blow but I know you never was that tight  
And we never was that tight  
I can .. .right  
Got me in a place where ...  
So every single night I'm saying the same shit

Lord please, don't let me act a fool  
Please, don't let me use the tool  
Please, don't let me get distracted  
Please, don't let me make it happen  
Please, oh god, keep my integrity  
Please, don't let me commit a felony  
Please, forgive thy enemy  
Please, forgive me cause you know I need therapy

It's like the mission ain't complete  
Till these niggers ... heat,  
He don't even matter,  
They throwing shots at him  
But they just ricochet when niggers say does not  
matter  
It's not a ... nor a scratch ...  
Under pressure while I flourish  
I encourage niggers often try to ...who can stop them,  
not a soul

I show them what the game do, show them what I aim  
to  
...begging me to save you, rain is what I gave you  
Trying to doubt my ... nigger when I made you...

Thanks to Andrei
