*Oh baby please me with your lovely lips
Oh baby tease me with your sexy hips
Because I need it - I want you
And you can treat me as hot as you can
Oh baby please me with your tender hands
Don't you release me - love never ends
The way you make it is super
And I will take it as cool as I can
Please please me
I wanna know what is on your mind
And I want you to leave your dreams behind
What do I do - what do I know
Whatever I'll do - I'll do it with you
Hey it's in your head - it's in your heart
We're headin' for a brand-new startist
All or nothin' baby gimme a clue -
What can I do for you?
*Repeat
I look in your eyes - what do I see
I look for some lies - but you're true to me
Gonna move around - gonna hit the ground
Oh baby we are pleasure bound
So tell me once - better tell me twice
Baby watcha gonna do I need your advice
Baby I want it - do you want it too
What can I do for you?
*Repeat
