Don't you cry, baby blue  
Didn't want to be a dream  
Just a kiss in the dark  
It will break your heart in two

Just a girl, just the night  
Come on, babe, that's all right  
And so my sweet, don't you cry  
Don't you argue, don't you fight

What's so bad? What's so mean?  
Didn't want to spoil your dream  
Baby, don't you run away  
Never change the way we did

What's a kiss? What's a night?  
Well, I'm sorry if it's right  
You and me, that's okay  
Let's go fighting for the light

The final heartbreak killed my dream  
Feeling the pain that made me scream  
You loved me, so it seemed  
But your love was too extreme

The final heartbreak made me cry  
Bridges are burning in the night  
You made my feelings die  
By that achin' pain inside  
So, goodbye

Baby, please, take my hand  
Just forgive me if you can  
It's so human as you know  
And what's more, I'm just a man

I won't see her again  
I don't even know her name  
Don't you say it's a shame  
Loving you is not the same

What's so bad? What's so mean?

Didn't want to spoil your dream  
Baby, don't you run away  
Never change the way we did

What's a kiss? What's a night?  
Well, I'm sorry if it's right  
You and me, that's okay  
Let's go fighting for the light

The final heartbreak killed my dream  
Feeling the pain that made me scream  
You love me, so it seemed  
But your love was too extreme

The final heartbreak made me cry  
Bridges are burning in the night  
You made my feelings die  
By that achin' pain inside  
So, goodbye

Don't you cry, baby blue  
Didn't want to be a dream  
Just a kiss in the dark  
It will break your heart in two

Just a girl, just the night  
Come on, babe, that's all right
