We all need freedom and love and peace
Let us light up our fantasies
Make the world survive
Keep the dream alive
We all need freedom and love and peace
Look around, look around
The world is moving down
Shapes are fair, everywhere
And no one seems to care
Can't you see
Only lovin', just lovin' sets free
Can you hear when I say
"There is a simple way"
Feel my heart, take my hand
We've got to make it end
Listen, please
Only lovin' means, lovin' means peace
[chorus x2]
And if you ask me why
I won't tell you no lie
Take a chance on the truth
We've got to enter, please
It's enough
Only freedom makes freedom makes love
Look around, look around
The world is moving down
Shapes are fair, everywhere
And no one seems to care
Can't you see
Only lovin' just lovin' sets free
[chorus x4]
