I need a trip straight to your soul
And fall into a deep deep hole
I wonder
What I will find
When I leave it all behind
I want you
I want you so bad
Wanting you just drives me mad
Together
We'll find a land
Where all broken hearts will mend

Got to get
Got to get
Got to get it right now
I wanna lie by your side now
Got to get
Got to get
Gotta gotta get it right now
I wanna go for the light now
Just with you
That's all I wanna do

Got to get
Got to get
Gotta gotta get it right now

Wanna tumble into heat
And find exactly what I need
It's you
I'm looking for
Baby don't you close the door
I'll tell you
I wanna get on
Don't wanna lose what i've just won
Stay cool
But never mind
Here's the promise I have signed

Right now right now right now right now
Got to get
Got to get

Gotta get it right now
Right now right now right right now

Got to get
Got to get
Gotta get it right now
Right now right now right right now
