"Hearts Are A Changing"

I want you to leave
The party is over
My mind is a thief
My soul is a rover
May be someday I'll miss you
Somewhere at night

Baby hearts are a changing
And love sometimes dies
And we all have to listen
To sad lullabies
Baby hearts are a changing
They follow the tide
We keep feeling forever
The pain so deep inside

Hearts in the night

Our love was so true
As deep as the ocean
But shadows of blue
They kept me in motion
Don't ask me why it's over
Here's all I can say
