You saved my soul in the dark of the night.
When I was lonely your body touched mine so gently.
Stay in the dark of the night.
Cause your love only can make me feel safe forever.

I was walking alone on the desperate sands of twilight
island.
And my dreams of love seemed to die in the cold of
the night.
I was in danger of losing my soul,
But then your hand touched mine.

Oh, baby, you found me just in time.
When the night's nice for calling.
Shadows of fear were on my mind.
My heart was crying.

You lit a light in the fog,
So I could find the way out.

And your love sent a guarding angel to help me.
You made me feel ashore,
But I wasn't alone
On the twilight island anymore.

Oh, baby, you make my blind eyes see.
When I thought I was dying,
Gone were the dreams that tortured me.
And I stopped crying.

You saved my soul, soul, soul, soul, soul...
Stay, stay, stay, stay, stay, stay...
