My heart's all alone
My thoughts can deceive me
'Cause tears never lie
Please, tell me why you had to leave me?

And time passes by
Each minute I miss you
I need you, I long for your body and soul

Oh, is it you? Oh, maybe it's you
Who broke my heart
Oh, baby, is it you again, oh, is it you?
I'm waiting, just give me a sign if you can

So come back to me
I can't live without you
'Cause I miss your lip
Your fingertips touching me softly

I'm dreaming of you
Your love was so tender
Oh, baby, I feel you are breaking my heart

Oh, is it you? Oh, maybe it's you
Who broke my heart
Oh, baby, is it you again, oh, is it you?
I'm waiting, just give me a sign if you can

Oh, is it you? Oh, maybe it's you
Who broke my heart
Oh, baby, is it you again, oh, is it you?
I'm waiting, just give me a sign if you can

But, baby, I love you
Oh, is it you, baby?
I'm waiting, just give me a sign if you can
