Hey do you wanna go straight for emotions

Come on - Don't be shy - aha

Hey do you wanna feel drowned by devotion

Follow me - Wait and see

Lay back - Lay back

Baby tell me you are looking for a die-or-sigh-love

Lay back - Lay back

And believe me you are gonna find a my, oh, love

Hey do you wanna be close - Close to heaven

So please - Don't be late - aha

Hey do you wanna take all I am giving

Wait and see- What will be
