Say do you wanna get close to madness  
Say do you wanna get close to the fire  
Why dont you meet me down by the seaside  
And join the beat in the heat of desire

Hey what about you  
Would you like that too  
If I will do it Hey what would you do

Makin love in the sun  
Just love in the sun  
Cant you see You and me  
We will sure have some fun  
Makin love in the sun  
Just love in the sun  
You can feel It is real So like hearts on the run

Say do you wanna get all or nothing  
Say do you wanna feel somethnig just great  
Why dont you join me for a sensation  
Oh please come soon Its high noon Dont be late

Hey what about you  
Would you like that too  
If I will do it Hey what would you do
