Move me baby
Move me higher
Feel my heart beat on in desire
Make my body get in motion til I cry

Now you are here - I feel you're near
And I know you're so sincere
I love you - it's all so clear
Hear you whisper in my ear
Forever - is just a word
I know feelings sometimes hurt
Come closer - just close enough
Dancing is like making love
I wanna feel good - I wanna feel fine
And I wanna feel you are mine
Let's do it - do it again
Do it so hard like only you can do it
All night long - on and on and on and on
I want you - and you want me
Move my body set me free

Move me baby
Move me higher
Feel my heart beat on in desire
Make my body get in motion til I cry
Move me baby
Move me faster
Get my daydreams out of disaster
I don't know if you'll succeed - but you should try
Move me baby
Move me baby

Now I'm so hot - you're on the spot
And I want the whole damned lot
I need it - I need your touch
Oh I need it oh so much
Together - we'll walk the line
Start it off from six to nine
Come closer - just close enough
Dancing is like making love
I wanna get high - I wanna get down
I'm your hero and your clown

Let's move it - move it so cool
It's the rule and we will follow our passion
All night long - on and on and on and on
I want you - and you want me
Move my body set me free
