Ooh la la la...

Ooh la la la...

We're dancing much too close  
Baby please don't tease me  
I'll give you love tonight  
If you try to please me  
I could do most anything  
When I taste the touch of you  
Can you feel it coming

Ooh la la la  
Can you feel it coming  
Ooh la la la  
Get my motor running , yeahhh  
Aaaahh  
Come on and feel the heat  
It's a good vibration  
You're making me complete  
It's a new sensation  
I can feel you everything  
When you're moving next to me  
Get me so excited

Ooh la la la

Ooh la la la  
Can you feel it coming
