Owowoh you big Max please me
Owowoh so baby squeeze me
Owowoh this big sex tease me
Owowoh I need it all night long
Just making love to you, uh...
Oh big Max

Come on, all night long
Having sex just can't be wrong
Come on, up and down
When we touch your pleasures bound
Hold me, hold me tight
We will make it through the night
Love is all you need
Watch out, baby, feel the heat !

Owowoh you big Max please me
Owowoh so baby squeeze me
Owowoh this big sex tease me
Owowoh I need it all night
Make it, don't just fake it,
So don't relax, big Max
Oh baby make it, I will take it
I really love to get your big sex

Oh big Max...
Oh it's good to feel your sex

Come on, move your hips,
Let's do lips to lips
Come on, it's okay
You will like my special way
You will get it all
You will hear the angel's call
Here it's good for you
So it's good for big Max too !
