Nana nana nana nana
Nana nana nana nana
Nana nana nana na
Hey give a little love to get a lovin' feeling
Nana nana nana nana
Nana nana nana nana
Nana nana nana na
Hey give a little love and do a little healin'

Hey it's cool - It's hot - It's really on the spot
I'll wrap my love around you - I found you - Thank God
The two - Of us - In a night like this
You know how you need it - And I know just how it is
It's heaven or hell - Just remember how I feel
For you - And you too - You loved it - Oh well
It was nice like it was - But that wasn't enough
To hit the stars above - We all need a little love

Oh baby give a little love
And I'll give you the passion of my heart
Come on take a little time
And we can spend the night
Together
Just give a little love
To let me know that we will never part
Baby take a little dream
And let us keep the light
Forever

It's no crime - It's no sin - It's not out and it's not in
We give a little love - And a fortune we'll win
I see in your heart - And I'll take you by the hand
You want it - You need it - And you'll get it in the end
Feel the ache - When you take
- All the dirt and the fake
I take you in my arms - It's love we'll make
When life is hurting and the times get tough
You need a lotta healing and you need a little love

Oh baby give a little love
And I'll give you the passion of my heart

Come on take a little time
And we can spend the night
Together
Just give a little love
To let me know that we will never part
Baby take a little dream
And let us keep the light
Forever
