Say do you wanna get close to madness
Say do you wanna get close to the fire
Why don't you meet me down by the seaside
And join the beat in the heat of desire

Hey what about you
Would you like that too
If I will do it - Hey what would you do

Makin' love in the sun
Just love in the sun
Can't you see - You and me -
We will sure have some fun
Makin' love in the sun
Just love in the sun
You can feel - It is real - So like hearts on the run

Say do you wanna get all or nothing
Say do you wanna feel somethnig just great
Why don't you join me for a sensation
Oh please come soon - It's high noon - Don't be late

Hey what about you
Would you like that too
If I will do it - Hey what would you do
