Turn me on, turn me on.  
Just do it right, you can't go wrong.  
On the radio that plays your favourite song  
You turn me on, turn me on.  
You should know how, so turn me on.  
Baby, don't your wait until the night is gone.  
Just turn me on.

You are so cool, don't know what to do  
Oh, babe, I can come close to you.  
I want you, but just for good,  
Can't you see I'm in the mood  
Won't you touch me now  
I'm just waiting for a sign  
Wanna make you feel so hot  
I wanna find your tender spot

You are so sweet, I got admit  
I wanna know that you will fit  
So let me seek your horny part  
I have all that you have got  
Want you, touch my skin  
Let me tell you it's no sin  
You may love my touch or not  
I wanna find your tender spot

Turn me on, oh, baby, turn me on.  
Please, aahh... aaahhh... ahh..
