Sometimes I am sitting the pole
Feeling sick and alone.
And time just goes by. Baby, don't you see ?
Sometimes I see lover at night
on the ship with no name
In dangerous time. Oh, please, come closer.

Save me.
Of ... of mine.
Won't you save me from the dark
Yes, I know, you can save me
I'm losing my mind
Baby, save me with your heart
Come on closer and save me

Sometimes I am drifting around.
And my heart's sick and down.
To the waters of night when the moon is high.
Sometimes I am crossing the sea
Cause I wanna feel free
To do what I want. Oh, please, come closer.

Save me, save me from falling.
Save me, baby, I'm calling.
Save me from the fire of my desire.
Can't you hear my S.O.S.?

Save me from falling...
Save me...
