Why, why don't you sleep with me tonight  
I need your body by my side  
Cause I'm so lonely, I could cry  
Tell me why, why don't you sleep with me tonight  
You got my heart so occupied  
And left me feeling hot and dry  
I wanna sacrifice myself  
I wanna be your slave  
I wanna give myself to you  
I won't let you down  
But tonight I'm not in town  
I can't, but can love you  
But that's no reason to feel blue  
I've got lots of doing  
I can't sleep with you  
Key to cool my love  
Cause baby sometimes left my stuff  
[chorus]  
Why, why don't you sleep with me tonight, oehoe oehoe  
Dance, make feel the sound  
Even though I'm not around  
I had, I had to go  
So, please, don't say it's a different show  
You and even true but I can't sleep with you  
And from six to twelve, just to do it by yourself  
[chorus]  
Why, why don't you sleep with me tonight, oehoe oehoe
