So close to you when times are getting rough
Im captured by this neverending love
Its magic - Tragic
Your arms are holding me so gently and sweet
Because you know what I need
Its so wild and so strong - Together we belong
In the cold of the night - I can feel your tongue
Its gently moving Upon my skin
So how can love be a sin ?

A love so wild and strong
Will never lead you wrong
It makes your heart beat fast
And all your dreams will last
Keeps going on and on

Just like an endless song
A love so wild and strong

Oh babe were on an erotic journey
You are the teacher and Im - Well Im just learning
I can feel you - I know it - Were going much to far
Its so catchy its magic - I wonder where we are
I will always be with you - My love is really true
Together well forever find solutions that are new
Believe me baby - We will survive
The ups and the downs Throught out our life
