I'm in the mood to love so warm and tender  
If you want me, I'll make sure heart surrender  
Killing you gently, kiss with such a thrill deep inside  
Stay here tonight  
You make my heart a temple of desire  
I want your love, so, baby, light my fire  
Just feel my body and you know I need you right now  
I need you now  
I'm looking for a wild love, streams of fire  
Running through my veins  
Drive me mad and joy my fantasy  
I'm looking for a wild love, waves of passion  
Driving me insane  
Please try, please try to set me free  
Tonight I'm free, but, babe, you can not sleep  
And when I'm hurt, just take my hand and seek  
At sudden we can get rebow a part of the night  
So hold me tight  
I'm of love and strong it gets me going  
Come close to me, the winds have changed of blowing  
Just hold my body, and you feel I need you right now  
I need you now  
[chorus]  
I'm in the mood to love so warm and tender  
If you want me, I'll make sure heart surrender  
Killing you gently, kiss with such a thrill deep inside  
Stay here tonight  
You make my heart a temple of desire  
I want your love, so, baby, light my fire  
Just feel my body, and you know I need you right now  
I need you now
