I n I are the living dread
Inna these ya dawn of the living dead x2

Were mind ah decreasing from a distant culture
Were manners increasin' cause we backing down
vulture

I n I are the living dread
Inna these ya dawn of the living dead x2

Blessed be the children of man
And together will overstand
Blessed be the children of man
As numberless as grain of sand

I n I are the living dread
Inna these ya dawn of the living dead x2

Some building costly in the hill
While some many others don't never get no share
They priving a human of their rights
It's a crime against the worst don't have to tell you
about prison

I n I are the living dread
Inna these ya dawn of the living dead x2

Were mind ah decreasing from a distant culture
Were manners increasin' cause we backing down
vulture
I n I living out there hopefull and bright
Break
I n I are the living dread
Inna these ya dawn of the living dead
I n I heart of the maroon heart
I n I taught to the maroon tall
I n I trod the maroon trod
Inna desolate places

I n I are the living dread
Inna these ya dawn of the living dead x2
Et en franÃ§ais:

___
Nous sommes les dreads vivants
Parmi l'aube des morts vivants x2

Nos esprit s'avillissent a cause de cette lointaine
culture
Nos manieres s'accroissent car nous cedons aux
vautours

Refrain x2
Benis soient les enfants de l'homme
Et ensemble nous comprendrons
Beni soient les enfants de l'homme
Aussi peu nombreux que des grains de sables

Refrain x 2

Certains batissent cherement dans les collines
Pendant que tant d'autres ne reÃ§oivent pas leurs du
Ils privent un humain des ses droits
C'est un crime des pires, je ne vous parle meme pas de
prison

Refrain x2
I n I vit lÃ , plein d'espoir et lumineux
Break

Nous sommes des dreads vivants
Nous avons le cÂœur d'un Maroon
Nous avons l'enseignement d'un Maroon
Nous suivons les chemins des Maroon
A travers des lieux desolÃ©s

Refrain x2
