"So Dem A Com"

Late in the evening when the "E-Type" left the stage
Casanova takes over, now they call me P.J.
Them balin: rampam-zibbie-dibbie, ever in style
P.J. breaks your heart and then he'll leave you with a
smile

So dem a com, so dem a com, dem a com, dem a com
So dem a com with a bompin' song,
So dem a com with a bompin' song, so dem a com

P.J. comes like Jorghie-Porghie,
Kiss the girls and make them cry
'Cause tonight I'm making all them pretty girls go wild

Them balin: rampam-zibbie-dibbie, ever in style
P.J. breaks your heart and then he'll leave you with a
smile

Chilly toast

You'll never see it now but P.J.'s coming up
Zippin' with them jah-jah-men he's staying on the top

Them balin: rampam-zibbie-dibbie, ever in style
P.J. breaks your heart and then he'll leave you with a
smile
