So I take another step
And one more breath closer to death
There's things going on in this world
That got me stressed

Lately I find myself searching my soul
Looking for signs of life, a warmth in the cold
I'm young and restless and they want me to fold
I'm hard headed, I ain't never did shit I was told

I get too mad, too fast over too much shit
But I put too much heart into the words I spit
Maybe I'm too proud, maybe I scream too loud
But what goes in, must come out

And I'm hurting inside I can't show it
Obstructed by pride I ain't being hard
I just don't know why
Fuck tomorrow if I live or I die

What who comes first? You not before I
I'm still a ways off from my lofty goals
So fuck those who oppose
And those who's acting like ho's

I ain't got time for y'all focus my goals I chose
C'mon now, you just write rhymes I recite lifelines
You're in it for the long haul
I'm in it for a lifetime

Let a brother try to come between me and mine
I'll lie cheat and steal to keep feeding mine
That's the deal and that's for real by any means am I
wrong
Because I want the finer things in life? Hell no

Take this world by storm

All I ever wanted was a taste of, was a taste of
All I ever wanted was a piece of what I
All I ever wanted was a taste of, was a taste of

Take this world by storm
Take this world by storm
What I could not
Take this world by storm
