I will follow the road down to Africa  
If that's what it takes just want you to know

I can't stop myself cause it all went through my head  
and  
Now it's falling apart  
takes my breath away I just need another day or two  
I'm back at the start

Wherever I might go tonight  
Why go away, when you won't last for a day  
But I know I will be alright  
Whatever, if I can make you stay

I will follow the road down to Africa  
I just wanna see  
If it's really you and me  
I will follow the road down to Africa  
If that's what it takes, just want you to know

Round and round we go time must come to make a  
choice is this how I wanna live  
Still don't know what's on when I woke up to the edge  
I must learn how to forgive

Wherever I might go tonight  
Why go away, when you won't last for a day  
But I know I will be alright  
Whatever, if I can make you stay

I will follow the road down to Africa  
I just wanna see  
If it's really you and me  
I will follow the road down to Africa  
If that's what it takes, just want you to know
