Why is it that you are there when
I am not awake
Where do you go when I'm here
I still can sense your ache

Forever More
[I U FIRE]
And ever more
[I Am Doomed]

I can't leave when i know that you need me
Why can't you please see
That you'll have to let me go
When you call me amazing
I wanna stay forever more

I can't leave when I know that you see me
That you believe me
But you will have to let me go
Don't you call me amazing
Cause I can't stay forever more

This game we play has gotta stop
It left me all alone.
Try onwards to let you go
but why is it too soon

Forever More
[I U FIRE]
And ever more
[I Am Doomed]

I can't leave when i know that you need me
Why can't you please see
That you'll have to let me go
When you call me amazing
I wanna stay forever more

I can't leave when I know that you see me
That you believe me
But you will have to let me go

Don't you call me amazing
Cause I can't stay forever more

I can't leave when I know that you need me
I want to stay
But I have to go

[I U FIRE]
[I Am Doomed]

I can't leave when i know that you need me
Why can't you please see
That you'll have to let me go
When you call me amazing
I wanna stay forever more

I can't leave when I know that you see me
That you believe me
But you will have to let me go
Don't you call me amazing
Cause I can't stay forever more
