I am gone, I'm off, this is what I can do, no more for  
you  
escape before the fall, away, enough  
I can't believe what I have done for you

You hold on to me, you're like glue  
what's your name again, what is in it for me  
please move on and leave, I am through  
what's your name again, what is in it for me

I'm gonna live my life like everyday's my last day alive  
cause nobody knows for sure if the tomorrow comes  
I'm gonna live my life like everyday's my last day alive  
it's too late to start regretting when tomorrow comes  
Last day alive

back, again, I'm home, with me myself and I, this is the  
way  
I wonder where I've been, so long, welcome  
I think I'm heading out to the highway

You hold on to me, you're like glue  
what's your name again, what is in it for me  
please move on and leave, I am through  
what's your name again, what is in it for me

I'm gonna live my life like everyday's my last day alive  
cause nobody knows for sure if the tomorrow comes  
I'm gonna live my life like everyday's my last day alive  
it's too late to start regretting when tomorrow comes  
Last day alive

It doesn't matter if I'll lose or I'll survive  
living every day like it's my last  
my last day of my life

:| I'm gonna live my life like everyday's my last day  
alive  
cause nobody knows for sure if the tomorrow comes  
I'm gonna live my life like everyday's my last day alive  
it's too late to start regretting when tomorrow comes
