I'm coming home and I don't want to hear another word
about this
It's hard to fight well and come alone back from the
abyss
No more of them lunatic thoughts time's up for the Don
Quixote
All I ever wanted was to give this my best shot
The sad part is that you come from a different kind of
life
I'm up and leaving now I'm living by the knife
I've lost my faith in human kind and it's time for a rest
Even though I did my best I didn't pass your test
You are the princess of Egypt and I'm just a man
I want to be with you, I feel astray
I need a miracle how to make you understand
I'd make you happy but you're far away

You don't know what you're missing what it is you leave
behind
My good intentions for you makes me one of a kind
You'll get by in your fortress you will hide behind that
wall
But one day you will find out you almost had it all
The sad part is that you come from a different kind of
life
I'm up and leaving now I'm living by the knife
I've lost my faith in human kind and it's time for a rest
Even though I did my best I didn't pass your test
You are the princess of Egypt and I'm just a man
I want to be with you, I feel astray (I want to be with you)
I need a miracle how to make you understand
I'd make you happy but you're far away (far away)
You're princess and I'm just a man
Now I need a miracle to make you understand
The princess of Egypt and I'm just a man
Will I ever make a princess to be my dengadeng, come
You are the princess of Egypt and I'm just a man
I want to be with you, I feel astray (I want to be with you)
I need a miracle how to make you understand
I'd make you happy but you're far away (far away)
You are the princess of Egypt and I'm just a man
I want to be with you, I feel astray (I want to be with you)

I need a miracle how to make you understand
I'd make you happy but you're far away (far away)
You are the princess of Egypt
