One more time
I saddle up and leave for no mans land
Like so many times before
They say that lightning strikes not once but twice
And I ain't gonna stay
Cause I can't take anymore
When memories make themselves heard
Go away - go away
You know that you gave me your word
Gonna go on my own
Time, time take me where
I'm no longer a stranger
I'll do anything
I know I'll find a way
Time, time take me there
And with the speed of lightning
I'll do anything
I know I'll find a way
Now I know
Here's where the story ends and I have come
To the point of no return
And when I'm looking back at the times
Where it all began
I know that I still have much to learn
When memories make themselves heard
Go away - go away
You know that you gave me your word
Gonna go on my own
Time, time take me where
I'm no longer a stranger
I'll do anything
I know I'll find a way
Time, time take me there
And with the speed of lightning
I'll do anything
I know I'll find a way
Gonna go on my own
Cause I can't take anymore
Ain't gonna stay
Ain't gonna stay
Time, time will take me there
I will go anywhere

I know you'll run along
Cause I can't take anymore
Ain't gonna stay
Time, time take me where
I'm no longer a stranger
I'll do anything
I know I'll find a way
Time, time take me there
And with the speed of lightning
I'll do anything
I know I'll find a way
